For all enquiries before the morning of your course, please contact Going Digital London on 07526 102 006. If there are any problems on the morning of your course, please contact your Tutor's mobile (provided with your reminder a few days before the course).

WHAT TO BRING ON PHOTOGRAPHY WORKSHOPS & PHOTO WALKS:

- You will need your camera. **Ensure it has fresh/fully charged batteries and a spare battery** if you have one.
- You will need a zoom lens – 200mm plus lens or 10X compact zoom above for the walks (300mm for full frame cameras).
- Please do bring a tripod (full height) if you have one and don't forget the **tripod mount**.
- Please bring your camera manual if you have a print copy. If you bring DSLR lenses or other accessories, please bring the instruction manual too.
- Memory card - it is essential that you start the day with an empty, preferably newly formatted memory card. Bring a few spare memory cards if possible. **You are likely to take more photos than you think!**
- Neutral Density Filters (if you have them – some loan filters are available).
- A camera bag is useful for protecting your camera and equipment when outdoors, and a transparent plastic bag and some sticky tape make a good, temporary waterproof cover for your camera and an umbrella will protect your equipment and you in wet weather.
- Dress in warm, comfortable clothing for outdoor sessions. A waterproof/ windproof top will be useful. Comfortable but strong footwear is advised for photographing outdoors. Please bring knee pads or dustbin liners to provide good protection for kneeling.
- **Do not to wear shorts and/or sandals in case of brambles, nettles and tics.**
- It is advisable not to wear brightly colored clothes as these can frighten the deer.
