#### WHAT TO BRING ON PHOTOGRAPHY WORKSHOPS:

You will need your camera with fully charged battery and an empty formatted memory card for images of the day. You will need a tripod for some workshops, I do have some for loan. If you have ND filters, please bring these for 'Water and it's Moods' workshops, again I have a small number for loan. Workshops will involve some outdoor work so please come prepared for the weather and wear a pair of comfortable shoes.
