Photography Courses & Training

Newsletter ● Sept - Oct 2024

Hi

Welcome to the September - October Newsletter for the Going Digital East Anglia region, I am continuing to look for new venues across the region and launch courses and dates. If you have any questions suggestions or ideas for courses and venues, please get in touch.

About our Venues - Cromer

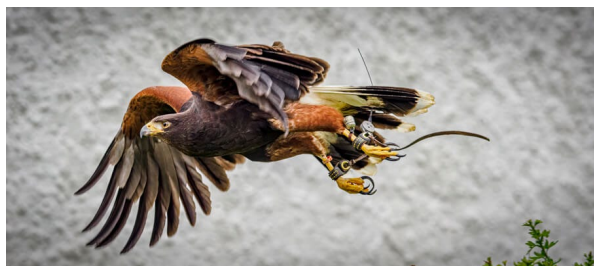

Cromer Pier is a heritage seaside pier located in the civil parish of Cromer on the North Norfolk coast, 25 miles due north of the city of Norwich. In March 2015, it was voted Pier of the Year 2015 by the National Piers Society. Cromer Pier and the town of Cromer continue to captivate visitors with its timeless charm and historical significance. As a location for photography Cromer Pier and the surrounding coastline offer numerous opportunities to capture landscape, water and street images.

Courses and workshops

If booking as a gift, book this date and the recipient can contact us to arrange a convenient date for their training anytime within a year of the purchase date. Email us the names of the recipient/s and we'll send you a personalised Gift Certificate.

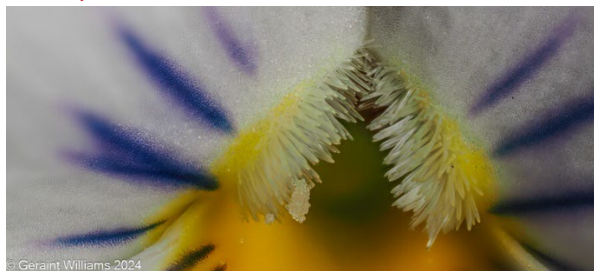

Birds of Prey & Action, Cressing Temple Barns, Essex

New date for a Birds of Prey Workshop at Cressing Temple Barns in Essex with the wonderful birds of prey from Eden Falconry. Photography the birds in static poses around Cressing Temple Barns including woodland scenes and capture them as the falconers fly the magnificent birds. There is no doubt that this workshop not only provides unique settings to photography these magnificent birds but also a truly remarkable and memorable one. You will be able to hone your skills in this unique experience where you have exclusive access to a range of stunning birds of prey and locations.

- **14th September 2024**

Close-up & Macro, Flatford Mill, Suffolk

Join us at Field Studies Council training room at Flatford Mills where we'll be looking at how to photograph small objects and nature close up. This is a full day workshop, working in the classroom in the morning to look at theory, to ensure that you know where the relevant controls are on your camera and doing some practice indoors.

- **19th October 2024**

Introduction to Photography - Part 2 – Movement, Cromer, Norfolk

If you have attended an Introduction to Photography - Get Off Auto Workshop or are comfortable with the basics including Aperture Priority, this workshop teaches you how to photograph moving subjects to freeze or intentionally blur movement. The Cromer Pier, promenade, and beach will provide a backdrop and plenty of opportunities for learning how to take further control of your camera, master more modes and improve your composition and creativity.

- **5th October 2024**

Personal experience days and zoom sessions

These days, although advertised as being on the 25th of December are valid for 12 months from the date of booking and can be taken on mutual agreed dates, times and venues. Photo editing, Lightroom and Photoshop editing workshops can take place in the comfort of you home or via Zoom.

One-to-One experience day (6 hours)

OPEN DATED WEEKEND 1-1 Session:

Private Tuition with a Going Digital Tutor at a venue of your choice within the East Anglia Region. We will tailor a day (6 hours) to your requirements taking you through all the things you need to know about using your camera to create the perfect image. Entrance fee and lunch not included.

Lightroom Classic in person or via Zoom (3 hours)

OPEN DATED - 3 hr 1-1 Introduction to Lightroom Classic (weekends & evenings).

Ever looked at Lightroom and wondered 'where do I start?' then this could be for you! From system navigation we'll move to importing images, basic editing and exporting your final photo. You can learn from the comfort of your own home with the tutor or via a Zoom session, which is recorded and will also be sent to you after your 121.

One-to-One experience day (3 hours)

OPEN DATED WEEKEND (half day) 1-1

Session: Private Tuition with a Going Digital Tutor at a venue of your choice within the East Anglia Region. We will tailor a half day (3 hours) to your requirements taking you through all the things you need to know about using your camera to create the perfect image. Entrance fee and lunch not included.

Zoom Technology Talk (1 hour)

Zoom Tech Talk (1 hour): Digital photography relies on digital technology just as film photography relied on Chemistry to produce images. This talk will cover the technology behind digital photography and allow you to submit questions around your technology issues. Whether that is "What SD card can I use" to "What GPU can be used to speed up Lightroom" and the classic "My SD card failed what can be done".
