## WORKSHOPS AT LIBERTY'S OWL, RAPTOR & REPTILE CENTRE

### TIMES

All workshops run from 9am to 5pm. Please meet at the main entrance/shop for 9am

### HOW TO GET THERE

Address - Liberty's Owl, Raptor & Reptile Centre, Crow Lane, Ringwood, Hampshire, BH24 3EA. There are not any close public transport links and it is therefore advisable to drive and park at the on site car park. This car park is free of charge.

### GROUP EXPERIENCE DAYS

We're excited to welcome you to Liberty's to experience a day of photography with some of the world's most impressive Birds of Prey. You will be in a group of up to 10 students where we will provide guidance on how to shoot Birds of Prey in static portraits and in flight. We will have multiple private sessions on site with the birds trainer who will provide valuable insight into the birds themselves, whilst we have the freedom to move around the show ground to secure the best possible images. You will also have access to the public flying sessions as well as down time to explore the site and capture the birds at rest in their enclosures. We will explore how to photograph birds in captivity and how to achieve the best results.

### REFRESHMENTS

There is a cafe on site to buy drinks and snacks. As this is a full day experience, we suggest bringing a packed lunch which can be eaten on one of the picnic benches around the site during our lunch break.

# PHOTOGRAPHY WORKSHOPS

## WHAT TO BRING ON PHOTOGRAPHY WORKSHOPS & PHOTO WALKS:

- You will need your camera. Ensure it has fresh/fully charged batteries and a spare battery if you have one.
- Please bring your camera manual if you have a print copy. If you bring DSLR lenses, a hot-shoe mounted flash or other accessories, please bring the instruction manual too.
- Memory card - it is essential that you start the day with an empty, preferably newly formatted, memory card. It is also recommended to bring a spare memory card should you develop technical difficulties with one.
- A camera bag is useful for protecting your camera and equipment when outdoors, and a transparent plastic bag and some sticky tape make a good, temporary waterproof cover for your camera and an umbrella will protect your equipment and you in wet weather.
- Please feel free to bring a tripod, however the nature of this experience will involve a lot of movement and you may therefore find a tripod restrictive.
- Dress in warm, comfortable clothing for outdoor sessions. A waterproof/ windproof top will be useful. Comfortable
- Bring a packed lunch. Whilst there is a cafe for hot drinks and snacks, this is a full day experience and you will want to have a decent meal at the lunch break.
